

PROJECT DESIGN PHASE II

DATA FLOW DIAGRAM

DATE	03 October 2022
TEAM ID	PNT2022TMID12917
PROJECT NAME	Early Detection of Chronic Kidney Disease using Machine Learning
MAXIMUM MARKS	4 Marks

DATA FLOW DIAGRAMS:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enter and leaves the system, what changes the information, and where data is stored.
